DOYLESTOWN, June 8 — The hearing of evidence in the trial of Harry W. Chapasco for the murder of David Sklar, president and owner of the Safe Food Market, Croydon, on May 19th, last year, is continuing today.

A night session was held last evening, and then court resumed this morning, the trial being before Judge Edward G. Blester.

Chief Bucks County Detective Fred Kohler testified this morning that a .45 automatic pistol was found on the day after in the vicinity of Clover avenue and Bristol pike, opposite Safe Food Market. He said that a photograph was taken of the pistol as it lay on the ground. Continuing his testimony, Kohler stated that there was a clip with a number of bullets in the gun which was uncocked. It was taken to Bristol police headquarters for further examination where a clear fingerprint was found on it. There was a bullet in the chamber, which had been mis-fired, said the witness. He explained that the pistol was turned over to Pennsylvania State Police at Langhorne barracks for expert examination.

The night session last evening was the first one to be held in this case, and the witness was Bucks County Coroner J. Alfred Rigby, who stated that an autopsy had been performed upon the body of David Sklar by Dr. Fred Phillips, Quakertown. Dr. George T. Fox, of Bristol, told the jury that Sklar was dead upon arrival at the hospital. He said that the bullet had gone through the middle of the heart, in the front and out the back.

Assistant District Attorney Vantardalen opened to the jury at 1:15 yesterday afternoon for the Commonwealth that David Sklar

Township Pupils To Hold Sophomore 'Prom'

The Delhaas high school sophomore prom will be held tonight, in the library of Bristol Township school on Rogers road. The theme of the dance will be the "garden of imagination."

The decoration committee, of which Kate Ostrowski is chairman, consists of Arnold Wilson, Patrick Barnhart, Conrad Yungblut, Merle Jane Schmidt, Paul Feeley, and Woodrow Wilson. This group was aided by faculty members, Anna Louise Getz and Bernard Clarke.

Joan Griffin and Margery Schmidt have been co-chairmen of the tickets and programming. Assisting them were Carole Whorton, Connie Green, Doris Goodbread, Peggy Packard, and Shirley Sneider. Miss M. Ivy Foley, sophomore class adviser, helped with this group.

Refreshments are being supervised by Nancy Ashcroft, aided by Rudy Hoerling, Marlene Barth, Thelma Beck, Barbara Tomlinson, Josephine Serchak, Frank McCarter, Alma Kennedy, and Edward Zubrzycki. Mrs. Ethel Owens was the faculty member of the committee.

THE WAR

TOKYO, June 8.—(INS)—Defense Secretary Marshall landed here tonight on a trip without advance announcement. An Army communiqué said Gen. Matthew B. Ridgway, United Nations supreme commander, was accompanying Gen. Marshall in the same plane. No further details were given out by official Tokyo sources. It was not explained where Marshall and Ridgway met to board the same plane. In Washington, Marshall's unheralded flight to Tokyo stirred new Korean peace rumors and a Foreign Relations Senator said he had been told a "peace mission" went to Hong Kong about ten days ago. The Senator, who refused to permit use of his name, insisted he did not know whether Marshall's trip had any connection with reported negotiations to end the Korean war.

Marshall, whose arrival in Tokyo came after a surprise visit to Korea conducted under one of the strictest security cloaks of the Korean war, told correspondents at Eighth Army headquarters in Korea a stalemate in the war on that peninsula is not inevitable. Indicating he foresaw a clear-cut victory in the 1½ months old conflict.

LANGHORNE ART SHOW ATTRACTS ATTENTION**158 Entries in 3 Groups: Professional, Amateur, and Student****GIVE RIBBONS, SEALS**

LANGHORNE, June 8.—The 158 entries in the annual Langhorne art exhibition, sponsored by the Langhorne Art Group, are attracting considerable interest at the community house, here. The show, which opened yesterday, will continue throughout today and tomorrow.

Space on the entire two floors of the building is filled with work of artists—young and old—from all parts of lower Bucks County. They are divided into three main groups, professional, amateur, and student, there being work in oils, watercolors, pastels, lithographs, caseins, one room of the main floor is given over to painted trays, chairs, scarves, ceramics, and the like, while on the second floor appears the work of the smaller "artists"—from kindergarten on through elementary and high school.

Those placing first were awarded blue ribbons; 2nd, red ribbons; 3rd, blue seals; and the outstanding picture, large gold seal.

The work by the "young fry" on the second floor included "stained glass" windows, done by means of crayons, also other crayon work, finger paintings, clay modelling, models of houses complete with

GETS 89.9% OF FUND QUOTA

Edward Fleming and Nelson Green, co-chairmen of the 1951 Bristol-Lower Bensalem Red Cross fund drive, report that the district reached 89.9% of the 1951 quota, which was recorded yesterday. The Lower Bensalem area was particularly successful in this year's fund raising campaign. Of the original quota of \$17,600, \$2,433.35 was contributed by United Fund and \$13,639.55 was received from district solicitations.

WORLD NEWS IN BRIEF

Secretary Acheson promised to give Congress any data showing "the possible activity" of Chinese Nationalist agents in this country and offered to co-operate in a Congressional investigation of the "China Lobby." He would not, he told the Senate committee investigating the MacArthur case, initiate such an inquiry. Mr. Acheson who will return to the stand today, said that a Korean armistice at the Thirty-eighth Parallel would fulfill United Nations pledges as there had been no undertaking "to unify Korea by force."

Britain and the United States were still apart on final disposition of Formosa and who should sign a Japanese treaty for China.

Two British diplomats familiar with secrets of United States and Western foreign policy have been missing since May 25th. Secretary Acheson said it would be "quite a serious matter" if the men "prove to be Soviet sympathizers."

President Truman plans to delay enforcing a Congressional mandate to ban economic aid to nations shipping strategic goods to Soviet areas. Secretary Marshall enumerated hundreds of thousands of such items in publishing a "certification list."

100 OPERATIONS ARE PERFORMED IN MONTH**May is Busy Month for The Doylestown Emergency Hospital****TWO INTERNES THERE**

DOYLESTOWN, June 8.—One hundred operations were performed at the Emergency Hospital during the month of May. Mrs. James M. Shellenberger reported at the annual luncheon meeting of the V.I.A. She also stated that two internes will be stationed at the hospital during the summer.

She went on to announce that the entire building will be open to the public for inspection on June 23rd and 24th, between the hours of two and five p. m. The hospital, she said, had received over \$500 from two of the booths at the recent horse show; and also reported telephone calls had been placed in all the private and semi-private rooms in the new wing, and in four of the private rooms of the old portion of the hospital. To date, she said, \$100,000 had been paid into the hospital building fund.

During the past month, there were also 45 deliveries and 74 visits made by the visiting nurses. In her annual report, Mrs. Shellenberger pointed out that 736 operations had taken place at the hospital; 6,281 patients had been received in the hospital; 4,156 outpatients had received treatment, and there were 505 deliveries during the year, in addition to 2,428 X-rays and 3,680 laboratory tests.

Mrs. Shellenberger also paid tribute to the Grey Ladies, eleven of whom had given 500 hours of service, since they began work in March, and have greatly relieved the staff nurses.

Rotarians View Two Interesting Films Here

Two films, prepared for the Bell Telephone Company, were shown to members of the Bristol Rotary Club when members met in the Elks' Home yesterday afternoon. The first film, "Telezonia," of an educational nature, is being shown in grammar schools throughout the country and is aimed at teaching children the proper techniques for using the telephone. The second film, "Stepping Along With Television," explained the mechanics of a television broadcast.

Guests were present for the meeting from Philadelphia, with president Raymond Sobatzki in charge. Preceding the film presentations brief reports were made by members who attended the recent International Convention of Rotary which was held in Atlantic City.

LATEST NEWS BULLETINS**Bill to Prohibit Philadelphia's Right to Take Land**

HARRISBURG.—A bill before the Senate State Government Committee today would eliminate Philadelphia's right to take possession of land in adjoining counties by eminent domain proceedings for water supply purposes. The measure, sponsored by Republican Senators Henry J. Probert, Montgomery, and Edward B. Watson, Bucks, would repeal two sections of an act passed in 1866. The 85-year-old measure authorizes Philadelphia to purchase water supply resources in surrounding counties for use by Philadelphia. The only sections the bill proposes to repeal are those dealing with the right of eminent domain. These sections permit the Common Pleas Courts of the counties where the land is sought to appoint viewers if the city and the owners cannot agree on price.

Says Spending Must Be Cut

PITTSBURGH.—James E. Shelton, president of the American Bankers Association, declared today social welfare programs must be eliminated and non-military spending drastically slashed if the American economy is to gear to a defense program. Shelton told the closing session of the 49th annual meeting of the American Institute of Banking that "We must resist all attempts to use the present emergency as a means of fastening a government-managed and controlled economy upon our country."

5 Hurt, 2 Homes Damaged in Gas Explosion

SALEM, N. J.—Five persons were injured and two homes damaged in the explosion of a leaking gas pipe last night in Salem. Authorities said a spark from a repairman's wrench may have set off the blast which blew furniture and other belongings into the street. The injured included three residents of the homes, a child playing nearby and the repairman.

Press Queries on "China Lobby"

WASHINGTON.—Secretary of State Acheson today started his seventh round of testimony in the Senate probe of Far East policy, and Gen. MacArthur's dismissal and Democrats pressed their queries about the so-called Nationalist "China lobby." The Secretary of State faced further interrogation on charges that friends of Chiang Kai-Shek sought to influence American policy and public opinion.

Delhaas Joint Board Changes Meeting Date

The date of annual meeting of the Joint Delhaas School Board between Bristol Township and Tullytown was changed at the meeting of the Delhaas Joint School Board last evening in the Delhaas High School. Norman Roberts, president of the Joint Board presided over the routine meeting.

The annual meeting date in the joint board contract was discussed by members of the board. The contract says the annual meeting for organization shall be held on the second Tuesday of April. Board members decided to change it to read "The annual meeting will be held in December," in accordance with state regulations.

Elwood Dyer, of the Dyer Dairy, asked the board to consider the Dyer Dairies when contracting for milk for the Township schools. He stated that the Dyer Dairy is a local dairy and that in some years past they served milk to the schools.

Walter D. Miller, regional superintendent, reported to the board that the school buses were now travelling over 500 miles a day transporting students to and from school. He explained to the board the tentative schedule of classes for the 1951-52 school year.

Clarence Young, secretary of the board, reported that it was time to consider the heating supplies for the coming school year. The Board instructed the secretary to advertise for bids for No. 5 fuel oil. Bids to be opened at the next meeting of the board.

The July meeting falling on the 5th of July, which is the day after a holiday, the board decided to hold the meeting on the 12th of July.

SUMMER CONFERENCE HELD BY CLUB WOMEN**Gather at Pennsbury; Review Year's Work, and Plan for Future****HEAR HOSPITAL PLANS**

TULLYTOWN, June 8.—Officers and department chairmen of Bucks County Federation of Women's Clubs, as well as officers and chairmen of departments of individual women's clubs in the county gathered on the lawn of Pennsbury Manor, yesterday for their summer conference.

There were two sessions, morning and afternoon, over which Mrs. E. Wilmer Fisher, Morrisville, presided, and at mid-day the women partook of picnic lunches.

At the initial session, plans for the coming year were outlined, and report given on activities of the past year; while during the afternoon meeting the group heard of developments to date in regard to the Lower Bucks County Hospital.

Mrs. Fisher, in her report for the past 12 months, informed there were during that period 1,991 women affiliated with junior and senior clubs in the county. She stated that 66 are members of a new senior club, that of Lower Makefield. One suggestion made by the county president that the clubs work in unison, rather than in a competitive manner. The groups plan to promote all state federation work.

The various officers and chairmen were introduced, and just prior to the luncheon period the county chairmen met with the correspondents.

TOWNSHIP BOARD ENGAGES 2 NEW GRADE TEACHERS**John Beck at Maple Shade and Charles Ellner at Croydon****REPAIRS ARE PLANNED****School Properties To Be Conditioned During The Summer Months**

Two teachers were hired at the meeting of the Bristol Township School Board last evening. Routine business was transacted and school problems discussed at the session held in the Delhaas junior high school, with John Allman, president of the board, presiding.

Inquiry from a realtor was received as to whether the Board would sell about 250 feet of the new Edgely school property to the Hammond Iron Company. It was explained that if the Board would sell this amount of ground the Hammond Company would then sell some of its property on Third avenue to the realtor for the building of houses. The Board discussed this question and decided that if the school building should ever be enlarged there would be enough ground to meet state requirements. The way the township is building in the Edgely section, as well as other parts of the township the new Edgely school will have to be enlarged in the very near future.

Clarence Young, secretary of the Board, read the reports received on the inspection of the heating systems of the schools. All the reports stated the systems are in condition for the coming school year. The problem of heating supplies then came before the board and the board instructed the secretary to advertise for bids to be opened at the July meeting for No. 3 fuel oil.

The collection of taxes and the assessments on property in the township was discussed by the members of the board. The board decided to invite the township tax collector and the assessor to attend the July meeting.

Two teachers were hired for the 1951-52 school year. John Beck was hired to teach at the Maple Shade school and Charles Ellner to teach at the Croydon school.

Walter D. Miller, regional superintendent, reported that the work to be done in the schools during the summer was being planned and some of the jobs were repair of buses, repair of fence at Croydon school, fix the floor at the Croydon school, take care of the water pipes at the Maple Shade school, paint both buildings in Bristol Terrace, clean all buildings, put regulating valves at both Edgely schools, rewire electric fixtures at old section of the Maple Shade school, rebuild fire box at Newportville school.

Yardley Man's Car Is Damaged; Trenton Crash

TRENTON, N. J., June 8.—A Yardley resident, Robert C. Belleville, secretary of Trenton board of education, escaped injury in a three vehicle crash on E. State street yesterday. His car was badly damaged.

Police report Belleville swerved his car when Mrs. Esther Luftenstein, 29, N. Gouverneur Avenue stopped her car at the curb and the driver's-side door opened suddenly. She had halted her car close to the Montgomery street corner headed eastward.

Belleville's car struck the door, then swerved sharply across the street into the left side of a truck moving west on State street. The driver gave his name as James Mayo, 32, of Philadelphia.

Traffic was slowed to walking pace for 30 minutes until the three damaged vehicles were moved. Traffic Patrolman Harry Skilton ordered the three drivers to appear Tuesday in traffic court.

Belleville, who lives on the Yardley River road, was driving to the board of education offices.

COLLEGE "MATRIARCHY"

Perhaps too much has been made of a phrase, obviously lifted from its context, in the report of Dr. Carl Binger, eminent psychiatrist, to the trustees of Vassar College on terminating his post after two years as special campus adviser to resume private practice.

That is the view of Mrs. Morris Hadley, president of the trustees, of Dr. Binger's assertion that he did not think "a matriarchy provides a wholesome atmosphere in which students are likely to develop satisfactorily." Dr. Binger is leaving no cloud and high praise is accorded him for his services as director of the Mary Conover Mellon Foundation for the advancement of education at Vassar.

Though there are many men on their faculties, women's colleges are, and always have been, largely staffed by women and some have women as presidents and as a majority of department heads. For that very reason many girls go or are sent to them. Another is a feeling that in them academic standards are more highly stressed than in men's colleges or coeducational institutions.

Sophia Smith, Mary E. Woolsey and Mildred McAfee Horton have been names to conjure with in the field of women's higher education. Miss Sarah Blanding, president of Vassar since 1946, herself a product of the coeducational University of Kentucky, is no shrinking or strident feminist.

Perhaps the "matriarchy" idea in college would have more weight if every girl in her home, though she have two parents, were not for years under mother's rule. Most of her neuroses probably have been formed before she goes to college. And a woman's college is not an institution in which young women are restricted to association with their own sex.

Dances and other affairs are frequent and in many there is a reasonable liberality as to "dates." When a girl is admitted, it ought not to be in an aura of dubiety, but as one fit and ready to face the world.

FORRESTAL CENTER

No worthier memorial could have been devised than the new James Forrestal Research Center at Princeton University, to be in operation in September. Secretary Forrestal knew from bitter experience the country's great need for scientific research to keep it strong. Extensive laboratories and 800 acres of land adjoining the Princeton campus were acquired for the Research Center by the university at a cost of \$1,500,000 from the Rockefeller Institute of Medical Research, which moved to New York.

In the fall term nine of the 11 Scientific projects assigned to the new center will be started. Proving that this Research Center has been badly needed is the fact that government research contracts will utilize all its facilities to capacity from the very start.

In the solemn hours God's Gift is Flowers

The traditional way to say "with sympathy" is to say it with flowers. Through the centuries men have turned to this blessed way of expressing their tenderest thoughts to friends and dear ones.

Those left behind will never forget the beautiful memory picture your thoughtfulness helps to create. And in years to come, you gain rich satisfaction in having contributed to the silent sermon on everlasting life that flowers add to this sacred occasion.

We send Sympathy Flowers-by-Wire anywhere.

Budget Funerals

● MOST families find it wise to operate within a definite budget suitable to their circumstances. We feel the same principle should guide them in the selection of a funeral service. Dignity and beauty do not depend on a lavish display, and true grief is often best portrayed by simplicity.

Summer Conference Held by Club Women

Continued from Page One

The afternoon speakers were procured by Mrs. Robert D. Brooks, president of The Travel Club, Bristol. There were W. B. McCluer, Bristol, plant manager of Rohm & Haas Company; and James Harris, president of Lower Bucks County Hospital.

Mr. Harris reminded that a large percentage of the population of Bucks County is in this lower section. "And in this area we will feel the impact of the steel plant (U. S. Steel Co.) We have to forecast or we will have chaotic conditions. We are looking to the future. When the hospital comes it will be the largest and greatest thing ever to come to lower Bucks. And I'm not excluding the steel mill — for the hospital is humanitarian in its scope." He added that "the progress coming here was not contemplated five years ago."

Mr. Haas had the vision, we had the courage. And when you have vision and courage the Almighty is going to make it possible."

Mr. Harris introduced Mr. McCluer, who informed that his main purpose in being present was to describe the steps taken thus far in the drive to establish the Lower Bucks County Hospital. He outlined these chronologically, telling how the plan grew from the desire of Otto Haas, of Rohm & Haas Co. to do something for Bristol and the lower part of the county. The

survey made of the area, and the arrival at the need for a 75-bed institution was told; then came the conference with professional residents of Bristol, all of whom expressed the need for such an institution.

The initial meetings for discussion of the project, the strides made since last summer, the manner in which doctors in the area endorsed such need, formation of an organization with election of officers, the drawing up of corporation papers, selection of a site, and naming of architects, were all part of Mr. McCluer's presentation.

Mrs. Walter Fretz, of the Village Improvement Association, Doylestown, read to the group "The Story of the Wind Man" which she had written for five-year-olds. A poem "Listening" by "Judy" Focht, 15 years old, of Edgely, was read by Mrs. Howell M. Gulick, Perkaskie, county drama chairman.

Others presented to the group were representatives of the architects firm which drew up plans for the proposed hospital; and the hospital consultant.

clean all oil burners and keep grass cut at all the schools.
Mr. Miller told the board that at the present time there is no play ground at the Newportville school and recommended that primary grades be put there instead of the fifth and sixth grades. The board discussed this problem and decided

to put primary grades in the Newportville school instead of the fifth and sixth grades.

The question of hiring enumerators was discussed and decided if possible to divide the township into sections and hire an enumerator for each section instead of just having one for the whole township.

The meeting for July will be held on the 12th instead of the regular date of the first Thursday of the month, which is the 5th.

THE WAR

Continued from Page One

Marshall cautiously replied to a newsman's question—"They called Greece a stalemate and Lt. Gen. James A. Van Fleet answered it. Maybe he'll answer it here as well. They called the Berlin Airlift a stalemate, too. It seems that everything that doesn't end this afternoon is always called a stalemate by some people."

United Nations forces, pushing

toward North Korea's "iron triangle" and other key areas, ran into fierce opposition today from Communist troops supported by mounting artillery and mortar barrages. Chinese and North Korean units fought back savagely along almost the whole 125-mile cross-peninsular front, curbing the Allied advance everywhere except in the central sector. There the UN columns were able to gouge out gains of little more than a mile Friday, with tank patrols knifing forward some three miles farther.

Continue To Hear Evidence In The Chapasco Trial

Continued from Page One

was shot to death in the course of an armed robbery, and that Chapasco was one of two men that were armed. Vanartsdalen remarked: "It is our contention without one bit of doubt that Chapasco is guilty of murder in the first degree, and if you so find, then it will be your duty to fix the penalty."

The prosecutor in his opening remarks told the jury that it will be shown that Chapasco struck Allen A. Ostroff, general manager of the Safe Food Market, several times and that robbery was committed and that Sklar was shot through the heart and killed during the holdup.

Ostroff, 38, who lives in Phila., and is a brother-in-law of the victim Sklar, testified that he and Sklar, Harry Gouldrey and Peter Harkins, both employed at the market, were leaving the store on the evening of May 19 to go home in their cars.

"As I walked over to Sklar's car I saw three men, and I saw Sklar pull a man out from the back of the building and as he did, this fellow stuck his hand in his Eisenhower jacket, pulled a gun out and said stand still, this is a holdup."

"The man then said, let's have your money, you Jew"

"Then the man demanded us to line against the rear store wall, and demanded hands in the air. Sklar, Harkins and myself lined up, faces to the wall."

"I felt a gun in my back and felt a hand going in my pocket."

"I heard something click in my back and the fellow in back of me then struck me on left side in back of the head three times and three times on the hand."

"I fell to the ground, and I then heard Sklar yell, and a shot was fired seconds later."

"I perked my head up and saw two men running away."

At this point the defense attorneys asked for the withdrawal of a juror on the grounds that the witness Ostroff improperly answered a question asked by the court, which named Chapasco as the man who knocked him down.

Judge Meister denied the motion. Ostroff testified that \$60 in money was stolen from his wallet. The witness said he turned Sklar over

and then waited for the rescue squad to arrive, and that Sklar did not move or say a word.

"The next I saw Sklar he was in a funeral parlor laid out for his funeral."

The witness Ostroff then identified Chapasco as the man who robbed and beat him, pointing to the defendant seated with his two attorneys.

CHANGE IN N. Y. INSURANCE LAW

Keystone Automobile Club advises motorists of a change in New York's automobile insurance law that affects all non-resident drivers traveling in or through that State.

An amendment to the New York Motor Vehicle Safety Responsibility Act, effective July 1, 1951, will require non-resident motorists coming under the Act to provide insurance for \$10,000 to \$20,000 Bodily Injury Liability limits and \$5,000 Property Damage limits in order to maintain driving privileges in that State.

All motorists who have occasion to operate in New York are strongly advised to make certain their insurance protection meets the revised requirements.

No wants too small or great that a Want Ad will not solve.

Property Exempt From Taxation Increases 100%

Continued from Page One

Only this year, compared to 1940, was one township, for instance, exempt from property tax. The amount of property exempt this year is \$8,555,966, more than all the taxable property in that township. In 1940 the exempt property amounted to \$3,827,600.

The biggest increase in any county district in exempt property this year compared to 1940 is in Warminster township, where the value of property exempt in 1951 is \$3,966,660 compared to \$2,000 in 1940.

In Morrisville there is \$1,326,775 exempt property value this year compared to \$1,195,575 in 1940, the decrease shown in the county. Doylestown Borough went over a million-dollar rating in exempt property this year with a total of \$55,950 compared to \$606,000 in 1940, with 163 fewer taxables in 1951.

Bristol Township, with 17,015, and Middletown township, with \$1,020,645, are the only districts that pass the million-dollar mark in property exempt this year.

In 1940 the county tax rate was

4 mills and this year it is 6 mills. The records show that 23 boroughs in 1940 had an assessment on real estate of \$26,859,389, and in 1950 had an assessment of \$33,245,748, or an increase of 23 per cent.

Thirty-one townships in 1940 had an assessment on real estate amounting to \$42,777,660 and in 1950 it was \$62,905,232, an increase of 47 per cent.

The boroughs of Bucks county in 1940 (23 of them), had a total population of 46,875, and the 1950 census showed the population of the same boroughs at 52,766, a gain of 12 per cent. In the same period of time, 31 townships in 1940 had a population of 60,840 and a population in 1950 of 91,469, showing a gain of 50.3 per cent.

There was an increase of 23 per cent in the assessment on real estate in 23 boroughs in 1950 compared with 1940, actual figures being \$26,859,386 to \$33,245,748. Thirty-one townships in 1940 had an assessment of \$42,777,660 in real estate compared to \$62,905,232 in 1950, an increase of 47 per cent.

Some of these figures show that the population in townships increased over the years 1940-1950 by approximately 4 over 1, whereas the assessment in townships over the same period increased approximately 2 over 1.

NEWS OF SCHOOLS IN AREA---

All public, private and parochial schools in the Bristol area are invited to send news items for publication in this column which appears frequently.

Pennsbury District

FALLSINGTON, June 8—Awards for scholastic achievement and meritorious service were given to students of Pennsbury high school, at an outdoor assembly on the athletic field, June 5th.

Three students, selected by the senior class, were accorded several top awards in citizenship. Charles Saunders received the Rotary "Service Above Self" award. Elwood Fritz and Leigh Wood received the American Legion Award for sportsmanship, courage, service, character, companionship and scholastic ability.

Those receiving awards for work in chorus include: Angela Beckin, Joan Clarey, Louise Dilliplane, Marjorie Seymour, Lillie Mae Snead, M. Thomas, Leigh Wood, Lynwood VanAken, and Alan Stout; for work as school photographer, Anthony Ragolia; for work in science a medal to Dorothy Patterson; for outstanding work in mathematics, Edna Patterson.

James Maglio, William Kunkel, John Porreca received prizes for service as projectionists; Marie Cleo, Jessie Maybury, and Joan Marek, for their work in the library; Alfreda Szolack, for excellence in language; Jane Appenzeller, for outstanding work in art; Lucy Ragolia, for her work as editor of the newspaper.

Minutes were read by Mrs. Henry Rogarde, Sr., and the treasurer's report given by Mrs. John Wallace. Plans were made for the Father's day program in Sunday School, June 17th, when the class will take charge.

Mrs. Agnes Barclay, the teacher, on behalf of the class, presented Mrs. A. Thompson with \$5 in honor of her wedding anniversary. Mrs. Barclay spoke of the prophet Elisha, the Shumanite woman, and her (Mrs. Barclay's) missionary work in Scotland. Refreshments were served by the hostess.

TO GRADUATE

Miss Elizabeth J. Tomlinson, daughter of Mr. and Mrs. J. D. Tomlinson, will receive a bachelor of arts degree at Beaver College, Jenkintown, on Sunday. Miss Tomlinson majored in religious education and music, and was a pianist for the college glee club. She was senior class treasurer. The Emilie resident has accepted a position as director of religious education at Abington Presbyterian Church.

Dorothy Patterson and Edna Patterson, as two honor students of the senior class, received the Reader's Digest awards.

Concluding the program, letters in baseball, track, and softball were presented to the team members. Elwood Foltz and Barbara Green received special insignia as the best senior boy and best senior girl athletes. The cheerleaders were given silver megaphones.

A glittering stairway to the stars, dreamy music, gorgeous decorations, sparkling gowns, the perfume of flowers, add up to Pennsbury's Junior "prom," June 8th, in the War Memorial ballroom, Trenton, N. J. The dance is given in honor of the graduating class and is semi-formal. The decorating committee is headed by Barbara Smith.

Trenton Physician Speaks To Club Here

Continued from Page One

cis Hospital, Trenton, N. J., was introduced by Vice-President Green as a former classmate and close friend of Dr. George T. Fox.

Dr. Sica, who has made numerous trips through southern Europe, spoke of the many noticeable changes in progress, especially in Italy.

Landing at Giholton he proceeded northward through La Linea, Granada and Toledo. This southern section of Spain is very barren and hot, lack of water and machinery greatly limiting the labors of the people. Transportation facilities were limited because of no industrial operations or the importation of machinery. The people, though, were very courteous and respectful. In northern Spain the vegetation was more plentiful and the people of a much higher type of Spaniard. Hotel facilities and foods were excellent.

The seashore resorts and coves of France are beautiful and with excellent hotel accommodations, the area being a very popular vacation land for all people.

Remarkable progress is being made throughout Italy. The Americans' interest is making it possible for the cities of Milan, Genoa, Florence and others to replace the ruins of the war with modern buildings in many instances of 16-22 stories. Individually, the people were rapidly recovering from their loss. They were very friendly and offered excellent accommodations in food and hotel facilities.

Dr. Sica's travelogue was followed by a series of colored slides showing historic areas and impres-

sive buildings visited during his travels through Spain, France and Italy.

SELF-PRODUCTION
NEW YORK (INS) — The large cattle population of the Dominican Republic, begun by the Spaniards nearly 450 years ago, allows scores of small leather working factories scattered throughout the republic to produce practically all the shoes, harnesses, saddles, straps, and other leather products that the country uses.

STEAMING POINT
NEW YORK (INS) — When cooking meat and vegetables together in deep-well cookers, be sure to maintain the steaming point to prevent transfer of food flavors. If the cover is removed or additional food added, switch to a high heat until the cooker is steaming freely and then return to the original cooking heat.

SUPER-SONIC JET
LONDON (INS) — The Royal Air Force is scheduled to get its first super-sonic jet fighter soon. Vickers-Armstrong announced that the Vickers-Supermarine Swift, a direct descendant of World War II's Spitfire, is to be produced in quantity for the R.A.F.

North District Official Installs Cornwells Officers

CORNWELLS HEIGHTS, June 8 — Members of Cornwells Methodist Woman's Society of Christian Service held a meeting in the church on Monday evening. Mrs. Carl Rutledge presided.

Devotions were in charge of Mrs. Fred Beyer. The topic was "We would see Jesus the great physician." Prayer was by Mrs. Beyer. Mrs. Beyer spoke of the meaning of friendship and read a few poems.

Mrs. Burley, vice president of North district W.S.C.S., visited here to install officers. Mrs. Burley explained the duties of each officer. Those installed: Mrs. Carl Rutledge, president; Mrs. Orval Garrett, vice president; Mrs. Charles Beck, secretary; Mrs. William Kepler, treasurer; Mrs. Fred Beyer, secretary of spiritual life; Mrs. Robert Walker, secretary of missionary and church activities; Mrs. William Campbell, flower and sick committee.

Each officer received a cross which glows in the dark.

Minutes were read by Mrs. Charles Beck, and report of the treasurer was by Mrs. William Kepler.

There will be no luncheon in June due to Bible school. Mrs. C. Lee Johnston will be chairman of the third annual Christmas bazaar. The parsonage committee, Mrs. William Kepler chairman, will make repairs in the parsonage before July 1st. The Rev. and Mrs. Reinert are occupying the parsonage. The July 2nd meeting will be at

Today's Quiet Moment

By Rabbi Aron Moskovits
Of Congregation Ahavath Achim

Dear Father, With everlasting love hast Thou loved us and with great mercy hast Thou had compassion upon us. Our Fathers trusted Thee wherefore didst Thou teach them the ways of life and show them Thy wisdom. Hasten the day when peace shall again rule the heart of all men, when persecution and oppression may forever vanish from the earth. May the day be near when the promise be fulfilled: "When justice shall flow like water and righteousness like a mighty stream; when man shall beat their swords into ploughshares and their spears into pruning hooks." Amen.

the home of Mrs. Robert Mudie, Andalusia.

A repast was served to 12 members. Mrs. William Kepler, Mrs. Robert Mandrell, Mrs. Edward Effings and Mrs. Charles Simons were hostesses.

SPORTSMEN'S BRIEFS

By JOE ELBERSON

Bluerock shoot... both a practice shoot and a 50-bird Lewis Class match will be run over the traps of the Bristol Fish & Game Protective Association this Sunday beginning at 1 P. M. All shooters are welcome. Shells will be available at the club grounds, west of Silver Lake at Bath Road, Bristol.

Meeting... the June meeting of the above Association is scheduled for next Tuesday, June 12, at 8 P. M., in the meeting room at the American Legion Post Home, Radcliffe street. All members are asked to be present, and all other interested sportsmen have a cordial invitation to attend.

Coming... according to information released in Doylestown this week, the 200 day-old baby pheasant chicks which the Bristol and Edgely clubs plan to raise this year will arrive June 12th. They will be delivered to the holding pens at the home of George Buttrif, Sr., Edgely avenue, Edgely. If you have never seen a pheasant chick stop by and look at these little fellows. You'll be amazed at their speed, even at this young age. The birds will be raised to 12 weeks and then released by the clubs on open hunting territory where all gunners will have an opportunity to hunt for them this fall.

Pleasant... "during the last small game season, many sportsmen were pleased with the abundance of grouse, compared to recent years," says Game Protector Stephen A. Kish, Avoon, and he reports: "These birds appear to have wintered well. A much better population is on hand this spring than has been the case in several years."

Still on hand... the schools of blues which have been off shore along the Jersey coast are still active, according to latest reports, and they have moved inshore far enough in some spots to give the surfers real sport. Kings have also put in an appearance to liven the salt water activity.

Mowing mortality... the mower is one of the leading causes of pheasant mortality in the Commonwealth. Farmers usually cut their alfalfa, timothy and clover crops about the time broody pheasants incubate their eggs, or while the tiny chicks are being mothered in the nest. At such times the female is slow to flush, and the cutting bar ends her life. Following her death, the dependent chicks perish, or the clutch of eggs is lost. Even when the hen is not on the nest at the time the hay that conceals it is cut, the exposed eggs or chicks become visible to winged predators and are soon destroyed.

A humane conservation practice, long employed by many farmers and their children, has been to locate and mark nests prior to mowing time, so that the machine operator would know the areas to be skipped.

Killers... Mark L. Hagenbuch, game protector, writes from his Bloomsburg headquarters: "It seems to me I receive more dog complaints each year. This spring is no exception. So far, I have apprehended no licensed dogs chasing or killing game. This would seem to indicate that owners who purchase licenses for their dogs keep their animals pretty well under control."

There are reports that numerous individuals are dumping their unwanted dogs over the district. In order to live, these animals prey on game and farm stock and poultry."

Should help... a total of 5,500 baby pheasant chicks will be distributed to different organizations in Bucks County this year to be raised and released on open hunting cover, according to game protector Earl Carpenter.

Stocking... a total of 700 quail were recently stocked by the Game Commission in Bucks County, half to the upper end and the remaining 350 birds to the lower end.

New law... effective September 1st of this year the legal minimum limit for pickerel will be 15 inches, instead of the present 12 inches.

LEEDOM'S WALLOPS KAISER METAL TEAM

The Leedom's team wallopped Kaiser Metal Products, 14-4, in a Bristol Industrial Softball League tilt on the Hunter-Wilson field last evening.

Included in the winners' fifteen hits were home runs from the bats of Muffett and Cooper, both in the sixth inning. Dave Ludwig had four out of four for Leedom's, getting a triple, double, and two singles.

Kaiser had eight hits with Conline rapping out a homer in the fourth.

3M INCREASES LEAD IN LEAGUE; DEFEAT 5TH WARD

The 3M's team increased its lead in the Bristol Softball League by winning over Fifth Ward Sporting Club, 4-2, last evening on Memorial Park field.

The scotch-tape makers scored two runs in the fifth and another in the sixth to clinch the triumph for Amy Lewis. Lewis was touched for eight hits by the Warders but was very effective in the pinches.

Lewis aided his team in the offensive department by getting a double and single in three trips to the plate. He also reached base on the third occasion, via an error.

The 3M's team scored a pair of runs in the fourth on a single by Gene Fanni, a walk to Dave Fairbanks, a wild pitch, a squeeze bunt by Whitney and a long fly by Dick Addeo. A walk to George Wallace, an error, and wild pitch produced the run in the sixth.

Fifth Ward scored both its markers in the third. After Joe Potenza hit safely and Gordon Fahey walked, Joe Embuscuso hammered a double to center.

Henry Liberatore was the losing pitcher.

Auto Boys Reports

We want to report that we are open for business even though we are under considerable remodeling. We will do our utmost to fill your requirements, nevertheless. We would like to have you come in and inspect our new store and see the remodeling as it is being done. You are most welcome.

Auto Boys reports that our downstairs store is now completed and quite beautiful and spacious—as you will see with your own eyes. There are four departments in the downstairs store:

1. Largest stock of fishing tackle we've ever had, guns, baseball and other sporting equipment — picnic supplies.
2. Complete stocks of bicycles and bicycle supplies.
3. Record department with three times as many records as before and displayed well so that you can see our large stock.
4. Toy department with all kinds of toys, wheel goods, wagons, tricycles, and juvenile automobiles and plastic summer toys.

Our downstairs store with its acoustical tile ceiling and brilliant lighting and spacious displays of merchandise is something to behold. Our customers are delighted with its appearance.

In order to reduce our heavy television inventory, we are offering an additional 10% discount from sale prices advertised last week. This 10% reduction brings the sale price of television sets below cost.

This is an unusual opportunity to save money. These reductions will only continue for a limited time, and then, of course, we will go back to regular price. See advertisement concerning 10% Television Cut in another part of the newspaper.

Auto Boys, as the busiest store in Bucks County, publishes this announcement paying respect to our thousands of customers to whose continued patronage we owe this enlargement. If it weren't for your dollars and cents spent here, we could not be doing this. We hope you will like our new store. It has been quite a job doing it.
